

600 W JACKSON

BURNHAM OTIS BUILDING

WJ

elevated office space for lease in a historic landmark

original Otis elevator equipment, preserved today

built in 1911 as the Chicago headquarters of the Otis Elevator Company, 600 West Jackson rose to the center of architectural history and modern innovation. Otis—whose safety elevator made vertical cities possible—selected this building for its operations during the rise of the skyscraper era.

designed by Daniel Burnham with a steel frame, expansive windows, and classic masonry detailing, the building provides copious sun-filled, efficient office space.

history,
on another level

a landmark building
defined by
its details

flexible loft-like spaces with large windows, high ceilings,
and an abundance of natural light

suite 500 - 13,875 SF

open, flexible layouts with windows on multiple sides

gateway to the West Loop

located on the northwest corner of Jackson & Jefferson, 600 W Jackson
offers unmatched convenience—it's steps from Ogilvie and Union Station,
multiple CTA train and bus lines, expressways, and a range of nearby parking
options
